JAPAN.

Report from Yokohama—Emigrants recommended for rejection.

Passed Assistant Surgeon Cumming reports as follows:

Number of emigrants per steamship *Dakota*, sailing January 20, 1907, recommended for rejection: For Seattle, 1.

Per steamship *Coptic*, March 6, 1907: For Honolulu, 5.

Per steamship *Tosa Maru*, March 6, 1907: For Seattle, 12.

Per steamship *Tremont*, March 11, 1907: For Tacoma, 1.

MEXICO.

Report from Veracruz—Inspection of vessels—Yellow fever case and death at Paraje Nuevo.

Acting Assistant Surgeon Frick reports, March 23, as follows:

Week ended March 23, 1907:

March 17. Inspected the British steamship *Cayo Gitano*, bound for New Orleans, with 31 in the crew; vessel sails in ballast. Inspected the Norwegian steamship *City of Mexico*, via Tampico, with 19 in the crew and 6 passengers; vessel sails in general cargo.

March 18. Inspected the Norwegian steamship *Galveston*, bound for Texas City via Progreso, with 25 in the crew and 2 passengers; vessel sails in general cargo.

March 19. Inspected the American schooner *Kate Feore*, bound for Mobile, with 8 in the crew; vessel sails in ballast. At the time of inspection and departure of the *Feore* the mate was found to be sick. This fact, with history of his illness, as far as obtainable, with the opinion, "trouble probably malarial," was indorsed on the bill of health. Inspected the British steamship *Westhampton*, bound for a port via Manzanillo, Cuba, with 23 in the crew.

March 20. Inspected the Norwegian steamship *Nor*, bound for New Orleans, with 20 in the crew and 8 passengers; vessel sails in ballast.

March 21. Inspected the German steamship *Hornburg*, bound for Pensacola, with 22 in the crew; vessel sails in ballast. Inspected the British steamship *Alexandrian*, bound for New Orleans via Coatzacoalcos, with 43 in the crew and 4 passengers; vessel sails in general cargo. Inspected the American steamship *Esperanza*, bound for New York via Progreso and Habana, with 97 in the crew, 157 cabin, 17 steerage passengers; vessel sails in general cargo. The Norwegian steamship *Peter Jebsen* expects to sail in the morning.

No quarantinable disease reported here during the week. Mosquitoes very few and almost no *Stegomyia*.

A fatal case of yellow fever occurred during the week ended March 9 at Paraje Nuevo, in the vicinity of Cordova.

PERU.

Report from Callao—Inspection of vessel—Smallpox in Lima—Plague in Peru—Plague and smallpox in Chilean ports.

Assistant Surgeon Wightman reports, March 4, as follows:

Week ended March 2, 1907. The Chilean steamship *Tucapel* was dispatched on March 1 for Ancon, Canal Zone, with general cargo and a total personnel of 156, of whom 2 members of crew and 34 cabin and 23 steerage passengers were from this port.

There was a new case of plague in Callao during the week. Smallpox continues in Lima.

From Chile the following is reported, viz: Coquimbo, 11 cases of smallpox, with no death, in 2 weeks ended February 19; Antofagasta, 12 cases of plague, with three deaths in 2 weeks, ended February 22; Iquique, smallpox still present. The Peruvian consul in Taltal reports plague in that port.

The following is from the latest report from the Director de Salubridad, regarding plague in Peru:
